Work Experience

Data Analyst Intern | May 2026-Present

Techolas Technologies | Kozhikode, Kerala

- Gaining hands-on experience in data analysis using Excel, SQL, Python, and Power BI.
- Learning data cleaning, data visualization, and dashboard creation techniques.
- Utilized python, MYSQL and flutter to ensure smooth communication and data synchronization

Project

Coffee Sales Dashboard | Power BI

- Developed an interactive Power BI dashboard to analyze coffee sales, orders, payment methods, and sales trends.
- Created KPI cards and visualizations for total sales, orders, average order value, and coffee types.
- Used interactive slicers to filter data by coffee name, payment type, and date.
- Identified popular coffee products, payment patterns, and monthly sales trends.

Ramen Ratings & Review Analysis | Microsoft Excel

- Developed an interactive Excel dashboard to analyze ramen reviews, ratings, countries, brands, and ramen styles.
- Used PivotTables, PivotCharts, and Slicers to create interactive data visualizations from 2,577 reviews across 38 countries and 355 brands.
- Identified patterns in top brands, ramen styles, and country-wise reviews, with an overall average rating of 3.65.
